RACING REGULATIONS

- When racing, ALWAYS stay outside the 200-yard markers. When inside the 200-yard markers, remember speed MUST NOT exceed 5 knots - NO WAKE ALLOWED!
- A pace boat will lead racers to the starting point.
- The race will officially start when the pace boat waves the green flag.
- NO ONE is to pass the pace boat at any stage prior to the start of the race.
- Monster Media strongly recommends the use of helmets. Helmets are, however, not mandatory. They are optional.
- Racers must circle the buoys at each pit stop.
- Racers MUST keep a distance of at least 50 feet from any other craft on the water AT ALL TIMES!
- All support boats, MUST stay off 50 feet ocean side from all other crafts.
- No cutting in front of other racing crafts or boats
- No personal boats will be allowed to accompany riders.
- All decisions made by the Race Marshal(s) are final.
- A raised Yellow flag is a signal of caution. Riders are to continue at a slow pace and beware of hazards.
- There is NO over taking when the Yellow Flag is raised.
- Riders are not to ride 'on the reef' at any time during the Jet Around Cayman race.
- All racers MUST enter the pit stops through the channel markers and go completely around buoys. Course will be explained in more detail at the rider's meeting. If a rider fails to check-in at a pit stop or do not go completely around the buoy, they will be disqualified.
- Once through the channel markers, at North Side and East End, speeds MUST NOT exceed 5 knots - NO WAKE. Because the South Sound channel markers are further out, riders can maintain their speed up to a large buoy, which will then indicate where they are to slow down to 5 knots or less.
- The pit stop marshal will sound a horn and raise a yellow flag to announce riders exceeding 5 knots.

This flag will serve as a warning to all riders.

- The pit stop marshal will raise a red flag to signal a rider being penalized for exceeding 5 knots. This will only occur after a yellow flag has been raised to warn the rider.

- Racers are to keep control of their craft at all times in the pit stops.
- Failure to do so can also result in being charged by the law.
- If a racer is unable to make it to the first pit stop, or any pit thereafter, for any reason, the rider must call into Headquarters to let them know that they are ok. A contact sheet with relevant names and phone numbers will be given to each rider before the start of the race.

- Competitors will treat other competitors in the manner in which they would like to be treated.

FINISH MARKER

- Once a racer has passed through the marked finish line, they MUST slow their craft to 5 knots or less.
- They MUST also return to one of the two-start/finish boats and to the timekeeper to check off both rider and craft.
- Upon reaching the shore, the rider MUST then report to the official on the beach. Please ensure that crafts are properly attended to at all times.
- All racers MUST check in at race headquarters at the end of the race.
- If, for some reason, a racer is unable to complete the race he/she must call into race Headquarters to inform them of the situation.
- Numbers to call for more information - Kenny Rankin: 916-3724, Office 949-8423. More information will be given at the riders' meeting.
